ADMISSION REQUIREMENTS

Your admission average will be calculated on five Grade 12 acceptable academic courses, including English 12. For specialized programs, you may be required to present prerequisite courses in specific subject areas which are included in Brescia's calculation of your final admission average.

To be considered for admission, applicants should present a completed British Columbia high school diploma, or proof of pending completion.

All academic supporting documentation must be submitted directly to Brescia University College, Admissions Office. Please note that predicted grades for external examinations can be presented by the high school and will be accepted to determine an applicant's eligibility for a conditional offer of admission.

IMPORTANT OFFER INFORMATION

Conditional offers of admission may be granted on first semester grades. Please visit www.brescia.uwo.ca/admissions for more information regarding minimum requirements.

Offers of admission go out on a rolling basis beginning January, throughout the summer. If you have questions about the status of your application, please contact your Admissions Officer.
