(ii) For description of Brescia Competencies, see:

[https://brescia.uwo.ca/about/competency\\_based\\_learning/index.php](https://brescia.uwo.ca/about/competency_based_learning/index.php)

## Teaching Methodology and Expectations of Students

This course will provide a general survey and review of current theory and research into effects of physical activity on mental health. The course will generally consist of lectures, with class activities and discussions providing opportunities for application of theoretical constructs. *Note: The in-class discussions and other activities are designed to offer students a variety of learning experiences.*

### Course Website and Emails

Registered students will see the course listed on the course Owl site. Information, handouts, PowerPoint slides, etc., will be posted to the course site. It is the student's responsibility to check the site regularly. You are also required to have an active UWO email account and to use this or to link it to your regularly used email address. **Please note that the primary form of contact for this course will be announcements on Owl, also delivered as email.** You **must**, therefore, make sure that your UWO email account is functioning. Note also that official communications from the university are sent to students' registered UWO email addresses. Not using UWO email is not considered an excuse for not receiving such notifications.

You are responsible for checking the course Owl site and your UWO email on a regular basis for information including requirements for this course. Not receiving an announcement because your email is over quota or a message did not forward from your UWO email account, or because you did not check your email in a timely fashion will not be accepted as an excuse for missing a deadline or failing to complete a course responsibility.

### Contacting the Instructor – Dr. Barnfield

If you need to ask questions it is better to talk to me, so come and see me at classes or in my office. You may also telephone the Brescia number given above (if I am not in, leave a message). If you choose to use email to contact me, please note that a reply may not be immediate. I do have other responsibilities, and you need allow time for an email to be received and dealt with; this usually will be within 24 hours.

## Copyright and Intellectual Property

PowerPoint lecture slides and notes, lists of readings, in-class activities, assignment guidelines, and other components of the course materials are typically the intellectual property of the instructor. Unauthorized reproduction through audio-recording, video-recording, photographing, sharing on social media, or posting on course-sharing websites is an infringement of copyright and is prohibited. Such action may be considered a Code of Conduct violation and lead to sanctions.

## Evaluation

There will be one two-hour test and a final exam, based on the lectures and assigned readings. The test and exam will consist of multiple-choice questions and short essay questions and are not cumulative. Two main assignments will be required, one in each half of the term, an essay on an issue of relevance to the course. Essay 1 – *Factors involved in the interaction of mental health and physical activity*; Essay 2 – *Physical activity's influence on a specific mental health condition*. The course essays will be due in class - see evaluation breakdown and “weekly organizer” for due dates. Further information regarding the essays will be given during classes, at the start of term.

**N.B.** According to UWO Senate regulations you must pass the essay component to pass the course.

## Academic Accommodation

For course components worth 10% or more of the total course grade, please see the Academic Policies and Regulations section at the end of this course outline or consult the Academic Calendar.

For academic accommodation to be considered for any course component worth less than 10% of the final course grade, it is the responsibility of the student to approach the course instructor(s) in a timely fashion. Documentation may be required to be submitted to the academic advisor. If documentation is required, the request for accommodation will be decided by the academic advisor in consultation with the instructor. If documentation is not required, the instructor will make the final decision. It is the student's responsibility to be familiar with all policies and regulations.

In keeping with university regulations, failure to attend a test or exam **will result in a mark of zero**, unless documentary evidence of extenuating circumstances is provided. Social events, travel plans, vacations, misreading the test schedule or sleeping in are not legitimate reasons for missing a test. Only under special circumstances will a student be allowed to write a make-up test. The instructor must be notified of any such case as soon as possible, and the student request a make-up. If the instructor allows a make-up test, the student will be expected to write the test within a week or two after the missed test (usually on the Friday afternoon of the week following the scheduled test date).

## Late Policy

Due dates in this course will be strictly enforced. Work to be turned in (both hard copy and electronic copy to Turnitin) is due at the class meeting. Items that are submitted after a class has ended will be considered late and subject to a 10% mark deduction. For example, for a Thursday due date:

Work submitted after class time on Thursday, later that day: -10%

Work submitted on Friday: -20%

Work submitted on the following Monday: -50% (N.B. weekends count as 2 days!).

All work submitted after a class meeting has ended must be delivered to me personally, either at my office or at a subsequent class. **DO NOT** put papers under my office door; papers found there will not be accepted. As noted above, you are expected to submit assignments in class, on the due dates as per this course outline. Students should not submit late assignments to the Brescia welcome desk staff or staff at the Hive either – this is not their responsibility.

Late submission of assignments will result in a penalty of 10% of assignment mark per day and late submissions will not be marked after the fifth day, unless evidence of extenuating circumstances has been provided. All submissions must be typed or clearly hand-written. Illegible handwritten submissions will not be accepted.

Note that **there will be no re-taking of tests/examinations nor extra work available for the purpose of improving grades.** You must plan to study and prepare well in advance of examinations. The course involves a fair amount of reading on your own. It is best to read text sections before the corresponding lectures. You are advised to attend every lecture. Missing lectures is the responsibility of the student. Should you be absent you are advised to find out what material you missed and make arrangements to catch up on that material. It is pointless to come to any instructor at the end of the term to plead for a higher grade on grounds that you had problems (personal or academic). Deal with problems as soon as they arise - see someone, take action - no-one will think less of you for doing so; in fact, it shows intelligence and sense of personal responsibility.

## Senate Regulations

This course is designated as an essay course. Senate regulations for a half-year essay course include that: “in order to pass the course, the student must exhibit some minimal level of competence in essay writing and the appropriate level of knowledge of the content of the course”.

Senate regulations also require that students’ attention be directed to the information regarding issues such as plagiarism and course antirequisites. See the policies and regulations pages at the end of this outline and check the UWO calendar for further details. Again, it is your responsibility to familiarize yourself with any such regulations.

***Note:** In Psychology you are expected to follow the American Psychological Society (APA) guidelines for writing and for acknowledgement of sources, and to use APA referencing format. Further information on use of APA style will be given in class. There is also a copy of the APA style manual on reserve in the Brescia library. (See also: <https://apastyle.apa.org/> )*

Also note that anything copied word-for-word, even a phrase, without acknowledgement of the original author and/or source is plagiarism – a serious academic offence. Copying would not be acceptable in a grade school and certainly is not acceptable at the university level.

## Course Content

As noted previously: This course will provide a general survey and review of current theory and research into effects of physical activity on mental health. Course topics will be covered in the order listed, however the dates provided are meant as a guideline. Please note that this listing is to provide an idea of when topics are scheduled to be covered; over the course of the term lectures may move ahead of, or fall behind, the absolute dates.

## 2022-23 BRESCIA UNIVERSITY COLLEGE ACADEMIC POLICIES AND REGULATIONS

### 1. POLICY REGARDING ACADEMIC ACCOMMODATION

The complete policy regarding Accommodation for Illness - Undergraduate Students can be found at

[https://www.westerncalendar.uwo.ca/PolicyPages.cfm?Command=showCategory&PolicyCategoryID=1&SelectedCalendar=Live&ArchiveID=#Page\\_135](https://www.westerncalendar.uwo.ca/PolicyPages.cfm?Command=showCategory&PolicyCategoryID=1&SelectedCalendar=Live&ArchiveID=#Page_135)

Students who have long-term or chronic medical conditions which may impede their ability to complete academic responsibilities should seek Academic Accommodation through Student Accessibility Services

([https://www.westerncalendar.uwo.ca/PolicyPages.cfm?Command=showCategory&PolicyCategoryID=1&SelectedCalendar=Live&ArchiveID=#Page\\_10](https://www.westerncalendar.uwo.ca/PolicyPages.cfm?Command=showCategory&PolicyCategoryID=1&SelectedCalendar=Live&ArchiveID=#Page_10)).

Personal commitments (e.g., vacation flight bookings, work schedule) which conflict with a scheduled test, exam or course requirement are **not** grounds for academic accommodation.

Students who experience an illness or extenuating circumstance sufficiently severe to temporarily render them unable to meet academic requirements may submit a request for academic consideration through the following routes:

1. For medical absences, submitting a **Student Medical Certificate (SMC)** signed by a licensed medical or mental health practitioner;
2. For non-medical absences, submitting **appropriate documentation** (e.g., obituary, police report, accident report, court order, etc.) to their Academic Advisor. Students are encouraged to contact their Academic Advisor to clarify what documentation is acceptable.

### Request for Academic Consideration for a Medical Absence

When a student requests academic accommodation (e.g., extension of a deadline, a makeup exam) for work representing 10% or more of the student's overall grade in the course, it is the responsibility of the student to provide acceptable documentation to support a medical or compassionate claim. All such requests for academic accommodation **must** be made through an Academic Advisor and include supporting documentation.

Academic accommodation for illness will be granted only if the documentation indicates that the onset, duration and severity of the illness are such that the student could not reasonably be expected to complete their academic responsibilities. Minor ailments typically treated by over-the-counter medications will not normally be accommodated.

The following conditions apply for students seeking academic accommodation on medical grounds:

1. Students must submit their Student Medical Certificate (SMC) along with a request for relief specifying the nature of the accommodation being requested no later than two business days after the date specified for resuming responsibilities. An SMC can be downloaded from [https://www.uwo.ca/univsec/pdf/academic\\_policies/appeals/medicalform.pdf](https://www.uwo.ca/univsec/pdf/academic_policies/appeals/medicalform.pdf);
2. In cases where there might be an extended absence or serious issue, students should submit their documentation promptly and consult their Academic Advisor for advice during their recovery period;

3. Whenever possible, students who require academic accommodation should provide notification and documentation in advance of due dates, scheduled tests or examinations, and other academic requirements;
4. Students **must** communicate with their instructors **no later than 24 hours** after the end of the period covered by the SMC to clarify how they will fulfil the academic expectations they may have missed during the absence;
5. Appropriate academic accommodation will be determined by the Dean's Office/Academic Advisor in consultation with the course instructor(s). Academic accommodation may include extension of deadlines, waiver of attendance requirements, arranging Special Exams (make-ups), re-weighting course requirements, or granting late withdrawal without academic penalty.

## 2. ACADEMIC CONCERNS

If you feel that you have a medical or personal challenge that is interfering with your work, contact your instructor and Academic Advisor as soon as possible. Problems may then be documented and possible arrangements to assist you can be discussed at the time of occurrence rather than on a retroactive basis. Retroactive requests for academic accommodation on medical or compassionate grounds are not normally considered.

If you think that you are too far behind to catch up or that your work load is not manageable, you should consult your Academic Advisor ([https://brescia.uwo.ca/enrolment\\_services/academic\\_advising/book\\_an\\_appointment.php](https://brescia.uwo.ca/enrolment_services/academic_advising/book_an_appointment.php)). If you consider reducing your workload by dropping one or more courses, this must be done by the appropriate deadlines; please contact your Academic Advisor or see the list of sessional dates in the Academic Calendar (<https://www.westerncalendar.uwo.ca/SessionalDates.cfm?SelectedCalendar=Live&ArchiveID=>).

You should consult with the course instructor and the Academic Advisor who can help you consider alternatives to dropping one or more courses. *Note that dropping a course may affect OSAP eligibility and/or Entrance Scholarship eligibility.*

## 3. ABSENCES

**Short Absences:** If you miss a class due to a minor illness or other problems, check your course outline for information regarding attendance requirements and make sure you are not missing a test or assignment. Cover any readings and arrange to borrow notes from a classmate. Contact the course instructor if you have any questions.

Please note that for asynchronous online courses, attendance or participation requirements maybe different than for synchronous or in-person courses.

**Extended Absences:** If you have an extended absence, you should contact the course instructor and an Academic Advisor. Your course instructor and Academic Advisor can discuss ways for you to catch up on missed work, and arrange academic accommodations if appropriate and warranted.

It is important to note that the Academic Dean may refuse permission to write the final examination in a course if the student has failed to maintain satisfactory academic standing throughout the year or for too frequent absence from the class or laboratory ([https://www.westerncalendar.uwo.ca/PolicyPages.cfm?Command=showCategory&PolicyCategoryID=5&SelectedCalendar=Live&ArchiveID=#Page\\_64](https://www.westerncalendar.uwo.ca/PolicyPages.cfm?Command=showCategory&PolicyCategoryID=5&SelectedCalendar=Live&ArchiveID=#Page_64)).

#### **4. SCHOLASTIC OFFENCES**

Scholastic offences are taken seriously and students are directed to read the appropriate policy, specifically, the definition of what constitutes a Scholastic Offence at:

[https://www.westerncalendar.uwo.ca/PolicyPages.cfm?Command=showCategory&PolicyCategoryID=1&SelectedCalendar=Live&ArchiveID=#Page\\_20](https://www.westerncalendar.uwo.ca/PolicyPages.cfm?Command=showCategory&PolicyCategoryID=1&SelectedCalendar=Live&ArchiveID=#Page_20).

Students are responsible for understanding the nature of and avoiding the occurrence of plagiarism and other academic offences. Note that such offences include plagiarism, cheating on an examination, submitting false or fraudulent assignments or credentials, impersonating a candidate, or submitting for credit in any course without the knowledge and approval of the instructor to whom it is submitted, any academic work for which credit has previously been obtained or is being sought in another course in the University or elsewhere. Students are advised to consult the section on Scholastic Discipline for Undergraduate Students in the Academic Calendar.

If you are in doubt about whether what you are doing is inappropriate or not, consult your instructor, the Academic Dean's Office, or the Registrar. A claim that "you didn't know it was wrong" is not accepted as an excuse.

The penalties for a student guilty of a scholastic offence (including plagiarism) include refusal of a passing grade in the assignment, refusal of a passing grade in the course, suspension from the University, and expulsion from the University.

##### **Plagiarism:**

Students must write their essays and assignments in their own words. Whenever students take an idea or a passage from another author, they must acknowledge their debt both by using quotation marks where appropriate and by proper referencing such as footnotes or citations. Plagiarism is a major academic offence.

All required papers may be subject to submission for textual similarity review to the commercial plagiarism detection software under license to the University for the detection of plagiarism. All papers submitted for such checking will be included as source documents in the reference database for the purpose of detecting plagiarism of papers subsequently submitted to the system. Use of the service is subject to the licensing agreement, currently between The University of Western Ontario and Turnitin.com.

##### **Computer-marked Tests/exams:**

Computer-marked multiple-choice tests and/or exams may be subject to submission for similarity review by software that will check for unusual coincidences in answer patterns that may indicate cheating. Software currently in use to score computer-marked multiple-choice tests and exams performs a similarity review as part of standard exam analysis.

#### **5. PROCEDURES FOR APPEALING ACADEMIC EVALUATIONS**

All appeals of a grade must be directed first to the course instructor. If the student is not satisfied with the decision of the course instructor, a written appeal is to be sent to the School Chair. If the response of the Chair is considered unsatisfactory to the student, they may then submit a written appeal to the Office of the Dean. If the student is not satisfied with the decision of the Dean, they may appeal to the Senate Review Board Academic (SRBA), if there are sufficient grounds for the appeal and if the matter falls within the jurisdiction of the SRBA. For information on academic appeals consult your Academic Advisor or see the Student Academic Appeals – Undergraduate in the Academic Calendar

[https://www.westerncalendar.uwo.ca/PolicyPages.cfm?Command=showCategory&PolicyCategoryID=1&SelectedCalendar=Live&ArchiveID=#Page\\_14](https://www.westerncalendar.uwo.ca/PolicyPages.cfm?Command=showCategory&PolicyCategoryID=1&SelectedCalendar=Live&ArchiveID=#Page_14).

Note that final course marks are not official until the Academic Dean has reviewed and signed the final grade report for the course. If course marks deviate from acceptable and appropriate standards, the Academic Dean may require grades to be adjusted to align them with accepted grading practices.

## 6. PREREQUISITES

Unless you have either the prerequisites for a course or written Special Permission from the Dean to enroll in it, you will be removed from the course and it will be deleted from your record. This decision may not be appealed. You will receive no adjustment to your fees in the event that you are dropped from a course for failing to have the necessary prerequisite(s).
