

Healthy Relationships

Involve...

#1

Respect

Respect is one of the greatest expressions of love; without respect, there is no love.

#2

Communication

As a general rule of thumb, it's generally better to over-communicate than under communicate

#3

Trust

Trust should be mutual in your relationship. Always be honest with your partner and trust that they are being honest with you.

#4

Consent

Being in a relationship is not consent. No always means no.
